I'm looking for help identifying the black male in the photo. **CODE 4(A)**  
**CODE 4(A)** to access a personal info search database, IRB Search, which is similar to TLO or Accurant. The suspect made it appear that one **CODE 4(A)**, who is black, had used the identity of a second **CODE 4(A)**, who is white and has a (now expired) Washington private investigator license in order to apply for access to the website. The suspect went so far as to provide a forged PI license, documents and create an investigation business website. The driver's license below is also counterfeit. A facial recognition search did not find any matches. I'm not sure if he is local or not, but is guessing he may be.

Sorry for the low res photo, but it's all I currently have. Anyone recognize him?
